

QImageFormatType

```
graph BT; QMNGFormatType --> QImageFormatType; QPNGFormatType --> QImageFormatType;
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'QImageFormatType'. Below it, a horizontal line connects two boxes: 'QMNGFormatType' on the left and 'QPNGFormatType' on the right. From the center of this horizontal line, a vertical arrow points upwards to the bottom of the 'QImageFormatType' box, indicating that both 'QMNGFormatType' and 'QPNGFormatType' inherit from 'QImageFormatType'.
