

QNetworkProtocolFactoryBase

```
classDiagram
    class QNetworkProtocolFactoryBase
    class QNetworkProtocolFactory_T["QNetworkProtocolFactory< T >"]
    QNetworkProtocolFactory_T --|> QNetworkProtocolFactoryBase
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'QNetworkProtocolFactoryBase'. Below it, a horizontal line connects two boxes, both labeled 'QNetworkProtocolFactory< T >'. A vertical line descends from the center of this horizontal line, ending in an upward-pointing arrow that points to the bottom edge of the 'QNetworkProtocolFactoryBase' box, indicating that the two subclasses inherit from the base class.
